INDEX TO VOLUME XV

A

Angiomatosis, generalized, presenting clinical characteristics of storage reticulosis (Leonard G. Parsons and J. H. Ebbs), 129

Arachnodactyly and ectopia lentis in father and daughter (Richard W. B. Ellis), 267

ASHERSON, N. : Importance of bronchoscopy in recognition of non-opaque foreign body in infants and children, 121

Asphyxia neonatorum, fatal, congenital cyst of larynx causing (Linton Snaith), 274

B

Blood cholesterol content in childhood (Vida J. M. Stark), 255

Blood groups, incidence of four main, in rheumatic heart disease (G. R. Maxted), 181

Bones, long, of newly born, Staphylococcus aureus infection of (Jean M. Cass), 55

BRAITHWAITE, J. Vernon (and J. H. Derek Millar) : Hepatosplenomegaly resembling Niemann-Pick's disease : recovery following liver therapy, 61

Bronchiolitis, proliferative mural (St. Engel and G. H. Newns), 219

Broncho-pneumonia in cretin before and after treatment with thryoid (A. Morton Gill), 199

Bronchoscopy, importance of, in recognition of non-opaque foreign body in infants and children (N. Asherson), 121

C

Carbohydrate tolerance in hypothyroidism and hyperthyroidism (Theodore Crawford), 184

CASS, Jean M. : Staphylococcus aureus infection of long bones in newly born, 55—Clinical picture of staphylococcal infections in newborn, 85

CHALMERS, J. N. Marshall : Gaucher's disease—diagnosis by sternal puncture and improvement following splenectomy, 230

Cholesterol content of blood in childhood (Vida J. M. Stark), 255

COUPER, Edward C. Ross : Schilling haemogram in otitis media and mastoiditis of infancy, 27

CRAWFORD, Theodore : Carbohydrate tolerance in hypothyroidism and hyperthyroidism, 184

Cretin, broncho-pneumonia in, before and after thyroid (A. Morton Gill), 199

CREVELD, S. van (and Richard W. B. Ellis) : Syndrome characterized by ectodermal dysplasia, polydactyly, chondro-dysplasia and congenital morbus cordis, 65

Cyst, congenital, of larynx causing fatal asphyxia neonatorum (Linton Snaith), 274

D

DIWANY, M. : Sternal marrow puncture in children, 159

Dysplasia, chondro-ectodermal, syndrome characterized by (Richard W. B. Ellis and S. van Creveld), 65

E

EBBS, J. H. (and Leonard G. Parsons) : Generalized angiomatosis presenting clinical characteristics of storage reticulosis, 129

Ectopia lentis and arachnodactyly in father and daughter (Richard W. B. Ellis), 267

ELLIS, Richard W. B. (and S. van Creveld) : Syndrome characterized by ectodermal dysplasia, polydactyly, chondro-dysplasia and congenital morbus cordis, 65—Report of case of gargoylism, 215—Arachnodactyly and ectopia lentis in father and daughter, 267

ENGEL, St. (and G. H. Newns) : Proliferative mural bronchiolitis, 219

Eumydrin, lingual application of, in treatment of congenital pyloric stenosis (Arvid Wallgren), 103

Extroversion of primitive hind gut (J. Edgar Morison), 105

F

Fenestrae parietales symmetricae (Tj. Halbertsma), 115

Foreign body, non-opaque, importance of bronchoscopy in recognition of (N. Asherson), 121

G

GAISFORD, Wilfrid F. : Volvulus in three-week-old baby with Meckel's diverticulum and congenital morbus cordis, 277

Gargoylism : Review of principal features with report of five cases (J. L. Henderson)—Report of additional case (Richard W. B. Ellis), 215

Gaucher's disease : diagnosis by sternal puncture and improvement following splenectomy (J. N. Marshall Chalmers), 230

GILL, A. Morton : Broncho-pneumonia in cretin before and after thyroid, 199

GNOSSPELIUS, A. : Simple specific precipitation test for cow's milk, 171

Gut, primitive hind, extroversion of (J. Edgar Morison), 105

H

Haemorrhagic disease of newborn, Vitamin K in prenatal prevention and postnatal treatment of (I. Newton Kugelmass), 97

HALBERTSMA, Tj : Fenestrae parietales symmetricae, 115

Heart disease, rheumatic : In identical twins (C. Bruce Perry), 177—Incidence of four main blood groups in (G. R. Maxted), 181

HENDERSON, J. L. : Gargoylism—review of principal features with report of five cases, 201

Hepatosplenomegaly resembling Niemann-Pick's disease : recovery following liver therapy (J. Vernon Braithwaite and J. H. Derek Millar), 61

Hind gut, primitive, extroversion of (J. Edgar Morison), 105

Hypothyroidism and hyperthyroidism, carbohydrate tolerance in (Theodore Crawford), 184

I

Idiocy : Nerve-cell swelling of juvenile amaurotic family idiocy type (R. M. Norman), 244

K

KUGELMASS, I. Newton : Vitamin K in prenatal prevention and postnatal treatment of haemorrhagic disease of newborn, 97

L

Larynx, congenital cyst of, causing fatal asphyxia neonatorum (Linton Snaith), 274

M

MACKAY, Helen M. M. : Soya bean flour with dried milk, 1

MAXTED, G. R. : Incidence of four main blood groups in rheumatic heart disease, 181

Milk, cow's, simple specific precipitation test for (A. Gnosspelius), 171

Milk, dried, soya bean flour with (Helen M. M. Mackay), 1

MORISON, J. Edgar : Extroversion of primitive hind gut, 105

MILLAR, J. H. Derek (and J. Vernon Braithwaite) : Hepatosplenomegaly resembling Niemann-Pick's disease : recovery following liver therapy, 61

N

Nerve-cell swelling of juvenile amaurotic family idiocy type (R. M. Norman), 244

Newborn : Staphylococcus aureus infection of long bones in newly born (Jean M. Cass), 55—Clinical picture of staphylococcal infections in newborn (Jean M. Cass), 85—Vitamin K in prevention and treatment of haemorrhagic disease (I. Newton Kugelmass), 97

NEWNS, G. H. (and St. Engel) : Proliferative mural bronchiolitis, 219

NORMAN, R. M. : Nerve-cell swelling of juvenile amaurotic family idiocy type, 244

O

Otitis media and mastoiditis of infancy, Schilling haemogram in (Edward C. Ross Couper), 27

P

PARSONS, Clifford G. : Stomatitis in childhood, 43

PARSONS, Leonard G. (and J. H. Ebbs) : Generalized angiomatosis presenting clinical characteristics of storage reticulosis, 129

PERRY, C. Bruce : Rheumatic heart disease in identical twins, 177

Precipitation test, simple specific, for cow's milk (A. Gnosspelius), 171

Puncture, sternal marrow, in children (M. Diwany), 159

Pyloric stenosis, congenital, lingual application of eumydrin in treatment of (Arvid Wallgren), 103

R

Reticulosis, storage, generalized angiomatosis presenting clinical characteristics of (Leonard G. Parsons and J. H. Ebbs), 129

Rheumatic heart disease : In identical twins (C. Bruce Perry), 177—Incidence of four main blood groups in (G. R. Maxted), 181

S

Schilling haemogram in otitis media and mastoiditis of infancy (Edward C. Ross Couper), 27

SNAITH, Linton : Congenital cyst of larynx causing fatal asphyxia neonatorum, 274

Soya bean flour with dried milk (Helen M. M. Mackay), 1

Splenectomy, improvement in Gaucher's disease following (J. N. Marshall Chalmers), 230

Staphylococcal infections in newborn, clinical picture of (Jean M. Cass), 85

Staphylococcus aureus infection of long bones in newly born (Jean M. Cass), 55

STARK, Vida J. M. : Blood cholesterol content in childhood, 255

Sternal marrow puncture in children (M. Diwany) 159

Stomatitis in childhood (Clifford G. Parsons), 43

Syndrome characterized by ectodermal dysplasia, polydactyly, chondro-dysplasia and congenital morbus cordis (Richard W. B. Ellis and S. van Creveld), 65

T

Thyroid, broncho-pneumonia in cretin before and after treatment with (A. Morton Gill), 199

Twins, identical, rheumatic heart disease in (C. Bruce Perry), 177

V

Vitamin K in prenatal prevention and postnatal treatment of haemorrhagic disease of newborn (I. Newton Kugelmass), 97

Volvulus in three-week-old baby with Meckel's diverticulum and congenital morbus cordis (Wilfrid F. Gaisford), 277

W

WALLGREN, Arvid : Lingual application of eumydrin in treatment of congenital pyloric stenosis, 103

PRINTED IN GREAT BRITAIN BY WILLIAM CLOWES AND SONS, LIMITED, LONDON AND BECCLES
